

Real ink. Digital ink. eBeam Complete captures it all.

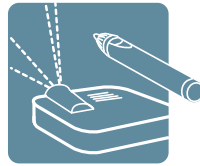

eBeam Complete includes a single eBeam Receiver, eBeam Projection's Interactive Stylus, and eBeam Whiteboard's four color-coded marker sleeves and eraser.

This package allows you to choose whether you want to turn your existing whiteboard into either a fully-featured interactive whiteboard or an online-capable copyboard.

An Interactive Whiteboard without the board.

eBeam Projection can turn any projected image into a digital workspace whether it's shined on a whiteboard or a flat, blank wall. The Interactive Stylus becomes like a mouse and lets you control your entire computer from the front of the room. The powerful eBeam Interact software includes eBeam Scrapbook, a unique application that combines the most popular features from the most popular software titles.

A copyboard that does a lot more than just "copy."

eBeam Whiteboard with eBeam Software captures all of your dry erase marker notes straight to your computer, where they can be broadcast online in real-time to anyone with an Internet connection. Once saved to your computer, the notes can be edited, printed, or e-mailed.

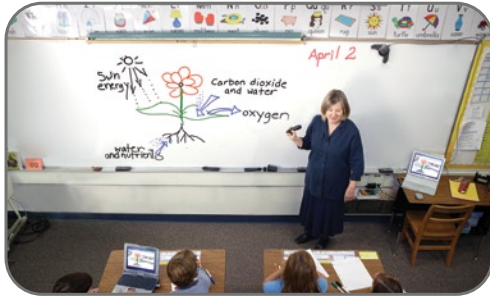

www.luidia.com

Wireless communication and presentation technology for educators, presenters, consultants and administrators.

eBeam Complete works the way you do.

Attach eBeam to your classroom's existing whiteboard and start recording notes in minutes.

Allow students with learning disabilities to interact with classroom lessons from their desktop, laptop or Tablet PC.

Import existing documents into Scrapbook for editing, brainstorming and sharing. Replay annotations stroke by stroke at any time.

Capture lengthy equations and replay them stroke by stroke - even those that were erased!

Encourage student participation using your educational software within the eBeam Projection workspace.

The pocket-sized eBeam Receiver is small enough to take with you, share with colleagues, or store in a desk drawer over the weekend.

eBeam Complete Components

- (1) eBeam System 3 USB receiver
- (4) eBeam marker sleeves
- (4) dry-erase markers
- (1) electronic eraser
- (1) Interactive Stylus
- (1) shortcut strip

- (1) AA battery
- (1) CD with eBeam whiteboard software
- (1) CD with eBeam Interact software
- (1) 15' (5m) USB cable
- (1) 6' (1.8m) auto-switching power cable (for Bluetooth enabled systems)

Minimum System Requirements

- Windows® - compatible PC with Pentium™ II 400 MHz+ processor
- Windows 2000, XP (including Tablet PC)
- Power Macintosh® OS X v.10.3x or higher
- 10 MB available hard drive space
- Available USB port

eBeam System Performance

- Active area: 1.7' x 1.1' (0.43m x 0.28m) minimum, up to 8' x 4' (2.40m x 1.20m) maximum [project up to 100" diagonal]
- Positional resolution: +/- 1.5mm

Warranty

- Two year limited warranty on hardware and software

Bluetooth Certification

- FCC: Part 15, Class B
- Bluetooth 1.1
- Frequency: 2.4GHz
- Serial Protocol

Bluetooth Radio Range

- Up to 33 ft (10 m)

About Bluetooth

- Bluetooth is a radio technology developed to deliver short-range wireless mobility. Bluetooth technology eliminates cables, wires and cords between devices such as your computer and input systems like eBeam. Bluetooth enables communication between devices that are in close proximity (up to 33ft) to one another. Bluetooth facilitates fast, low-powered, secure transmission of data even when the devices are not in line-of-sight. For more information visit www.bluetooth.com.
